Rules & Regulations

Check in at the office before beginning and check out at the office at the conclusion of your photo session. - The standard rules and regulations of the Cemetery must be observed at all times. - Do not lean on any monuments for support. They are more fragile than they look. - There are no public waste bins. Everything you bring in, you must take out. - Be mindful of traffic and other Cemetery activities taking place. - Permission is granted only for personal use of photos for the families involved. No commercial photography is permitted. - No photographs of monuments where any name of the deceased is visible will be permitted. The only exception is in the case of funeral photography, which will allow for only the memorial of the deceased person who is being honored. - This is a permit for photography only, not for any form of event contract.

You will receive a written permit. Please have this permit with you on the day of the photography and be prepared to show the permit to cemetery employees on request. If you cannot show the permit on request, you will be asked to leave the Cemetery grounds.

I accept and understand the rules and regulations of Forest Hills Cemetery.
